The Hughenden Street Association vision

For community life in Hughenden Parish to become better connected, supportive/supported, stronger and friendlier so that all residents are involved in it to the level they desire. This means working to create safer and connected communities encouraging residents to identify the needs of their neighbours to help them engage in the community. The Association has a key role to play in helping develop links to existing facilities whilst also working to support community groups to reach out to as many residents as possible.

So much has been achieved by the Street Association with more still to do together. Take a look: <http://bit.ly/2Skst40> PLEASE SHARE THIS NEWSLETTER

200th Edition of the Hughenden Newsletter

This week marks another milestone for **Hughenden Street Association** with the 200th edition of the e-newsletter.

It started out as a simple way to communicate important Covid-19 matters including health & well-being, scams and other alerts. Over the subsequent years (!) it has evolved to actively promote the mission of the Association – see above. With regular contributions from other community groups and interested organisations, including Thames Valley Police and Buckinghamshire Council the e-newsletter continues to raise awareness on key issues for residents across the Parish.

Thank you for continuing to read the newsletter and do share it widely. If you know of anyone who would like to receive their own copy just ask them to email the editor who will happily add them to the circulation list. E: Hughendensa@gmail.com
