### The Hughenden Street Association vision

For community life in Hughenden Parish to become better connected, supportive/supported, stronger and friendlier so that all residents are involved in it to the level they desire. This means working to create safer and connected communities encouraging residents to identify the needs of their neighbours to help them engage in the community. The Association has a key role to play in helping develop links to existing facilities whilst also working to support community groups to reach out to as many residents as possible.

So much has been achieved by the Street Association with more still to do together. Take a look: <http://bit.ly/2Skst40> PLEASE SHARE THIS NEWSLETTER
