### The Hughenden Street Association vision

For community life in Hughenden Parish to become better connected, supportive/supported, stronger and friendlier so that all residents are involved in it to the level they desire. This means working to create safer and connected communities encouraging residents to identify the needs of their neighbours to help them engage in the community. The Association has a key role to play in helping develop links to existing facilities whilst also working to support community groups to reach out to as many residents as possible.

So much has been achieved by the Street Association with more still to do together. Take a look: <http://bit.ly/2Skst40> PLEASE SHARE THIS NEWSLETTER

### North West Chiltern Community Board (NWC CB)

Have you heard of the North West Chilterns Community Board (NWC CB)?

If you haven't, the NWC CB tailors itself to the needs of the local area with the common goal of bringing communities together to make a difference. Using local data and intelligence, and, together with engagement and listening to the people in the community, it prioritises areas of focus and explores the issues that are of greatest importance in the local area.

These priorities help determine where the NWC CB can engage, take action, and in some cases, allocate funding to improve the local area. The Community Board holds a mixture of core and task-focused actions group meetings which explore local and corporate priorities, sets up projects and finds creative ways to meet local challenges. Our current actions focus on economic recovery, improving the environment, community resilience and transport and road issues.

Recent successful projects include:

- A **collaboration** with a local organisation to develop a project which engaged with young people from a range of schools/community organisations, to provide a number of conservation activities to enhance habitats and educate individuals. There was a particular focus on work around the threatened Duke of Burgundy Butterfly.
- A project containing **lovely walks** in the beautiful Chilterns countryside, to encourage individuals to become more active, make new friends and enjoy the scenery around us.

Themed events which support our local priorities may be something you want to get involved in. This year we have a **Health and Wellbeing Fayre** on **21 September at Longwick Playing Fields** and one around the impacts of climate change called "**Future Proof – Home and Business**" on **19 October at Wades Centre, Princes Risborough**.

*Would you like to get involved?*

Everyone is welcome and encouraged to participate in the Community Board. You can engage in the issues that you feel passionate about, join meetings or take part in a specific priority or project working group.

If you would like to hear more, please contact [northwestchilterns@buckinghamshire.gov.uk](mailto:northwestchilterns@buckinghamshire.gov.uk)

### Anti-Social Behaviour Mediation Service

This service has recently been launched to provide independent support and can offer a solution when there is no clear course of action open to a statutory agency, such as the police or local authority. It also represents an alternative to court proceedings and intervention by statutory agencies. Click [HERE](#) to find out more.

### Safe Places Scheme

The Safe Places National Network was created to bring together as much information as possible about the Safe Place (and Keep Safe) Schemes across the country.

Our Mission

Our website helps you find a safe place.

Safe places keep you safe and help you meet new people.

We work with local authorities to launch new schemes.

**Hughenden Street Association** encourages local businesses and public buildings to register as a **Safe Place** under the national scheme. The Scheme is endorsed by **Thames Valley Police**. Click [HERE](#) to find out more.
