The Hughenden Street Association vision:

For community life in Hughenden Parish to become better connected, supportive/supported, stronger and friendlier so that all residents are involved in it to the level they desire. This means working to create safer and connected communities encouraging residents to identify the needs of their neighbours to help them engage in the community. The Association has a key role to play in helping develop links to existing facilities whilst also working to support community groups to reach out to as many residents as possible.

So much has been achieved by the Street Association with more still to do together. Take a look: <http://bit.ly/2Skst40>

Neighbourhood Watch on Wycombe Sound

Operations Director, Geoff Pegg will be appearing on this Friday's afternoon programme with Chris Phillips around 2.20pm. Tune in to catch up with the latest Neighbourhood Watch news. You can phone in a question (01494 449900) or email: studio@wycombesound.org before the programme.

You can 'listen live' on 106.6FM or catch up via Listen Again on the website, www.wycombesound.org.

Let's make Hughenden Parish a 'Thief/Burglar-proof Area but legally

There have been instances recently of people snooping in gardens at night in Widmer End and Great Kingshill. Presumably opportunist thieves looking for easy pickings. It is worth considering installing real or fake activated lights or CCTV. If you live alone or feel vulnerable and see or hear something suspicious do dial 999 or after the event 101. It is important for the police to build up a record of these events. Neighbourhood Watch is also keen to help.

A word of caution:

A recent court case highlighted the importance of following 'the rules' when installing various forms of CCTV. But it is a technology that has already contributed a great deal of information to Thames Valley Police and added security to our communities. Video doorbells particularly have enabled a step-change in doorstep security, and they have provided a great deal of invaluable criminal intelligence to the law enforcement authorities. However, this case - where the Judge found in favour of a complainant - clearly showed how not to use CCTV. In this particular case the cameras were judged to be intrusive, damaged the neighbour's privacy, and no remedial changes were made despite repeated requests. So, this should not be seen as 'CCTV causing problems', but 'incorrect usage causing problems'. NHW recommends the use of video doorbells and similar CCTV security - when correctly installed and positioned - as these devices both add security to individual homes and function as a deterrent to criminals across a wider area.

Rural crime update: good news

A successful prosecution by Surrey Police and the **Bucks & Surrey Trading Standards** team has led to jail for a man found guilty of animal welfare crimes. Read the full story [HERE](#).

Movember: Men's Health Awareness Month

It is important that we look after the mental health and well-being of everyone and November is dedicated to men - old and young. Take a few moments to visit this [website](#) to find out more.

Here is a [blog](#) that provides lots of information and stories.

Stay Scam Aware this November
