The Hughenden Street Association vision:

For community life in Hughenden Parish to become better connected, supportive/supported, stronger and friendlier so that all residents are involved in it to the level they desire. This means working to create safer and connected communities encouraging residents to identify the needs of their neighbours to help them engage in the community. The Association has a key role to play in helping develop links to existing facilities whilst also working to support community groups to reach out to as many residents as possible.

So much has been achieved by the Street Association with more still to do together. Take a look: <http://bit.ly/2Skst40>

Remembrance Sunday, 14th November 2021

Across Hughenden and the wider country **Remembrance Services** will take place today and on Sunday. It is always a poignant time of year as we continue to give thanks to everyone who gave their lives for our future. Increasingly, recognition is being given to the animals who obeyed instructions and remained alongside their humans despite the horrendous events going on around them.

#NeverForget

Hughenden Street Association – towards 2022

It is important to regularly review the contribution of the Association to ensure that it meets its vision as outlined above. 2021 has been a very encouraging year as partnerships have been cemented and contributions to the various debates going on across the Parish continue.

In recent weeks discussions have been taking place as part of this review and in early December we will be announcing some positive changes and improvements which we hope will add real value to our activities. The Association is a totally volunteer-led organisation and relies on its members across the Parish to get involved at what ever level suits their busy lives.

The Association will continue to work with Hughenden Neighbourhood Watch and regularly promote the very useful information produced by the national Neighbourhood Watch organisation. **Rural crime** is an important issue and liaising with Thames Valley Police ensures that this remains a priority.

Working with Hughenden Parish Council and individual groups across the 4 communities of Hughenden will ensure that **road safety** and in particular **speed watch** continue to be priorities. The Association will continue to promote this important work.

In 2022, the Association will particularly focus on **environmental** matters. This is very much a shared agenda and we will work closely with the **Hughenden Climate Group** and others as we move towards **Zero Waste Week 2022**.

Bringing residents together is another priority for 2022. We hope to announce a new **pub lunch** soon. *Watch this space!*

One Kind Word

The impact of the Covid19 pandemic has included for many people a sense of isolation. Small acts of kindness can have such a positive impact breaking down barriers as well as brightening the lives of the people around us. This year's **Anti-Bullying Week** theme is '**One Kind Word**'. Everyone – the young and not-so-young - has a role to play to bring hope and positivity and to halt hurtful behaviour. The focus of the national campaign is on schools however young adults and 'grown-ups' have key roles to play in leading by example. One simple act would be to pledge your support of the campaign.
