

#ZeroWasteWeek, 6th -10th September 2021

Hughenden Street Association is holding a **Round Table Discussion** at **7.00pm on Tuesday 3rd August** in support of **Zero Waste Week 2021**. This annual online campaign seeks to reach a community of like-minded people who want to reduce residential and commercial waste, reuse materials and recycle as much as possible.

A key element of the campaign is to demonstrate means and methods to reduce waste, foster community support and bring awareness to the increasing problem of environmental waste and pollution.

The **Discussion** seeks to identify existing local opportunities to address this key issue as well as enabling collaboration between groups and individuals committed to this goal within the Parish.

If you would like to join the conversation, please register by emailing hsa@btinternet.com no later than Friday 30th July 2021

Zero Waste Week seek to help householders, businesses, schools, and community groups increase recycling, reduce landfill waste, and participate in the circular economy.

Is it time to
rethink waste? We
think so!
